Registrarship

During the period of Registrarship:

- I conducted Regular Antenatal Clinics, Post natal clinics, Infertility clinics and Regular outpatient clinics.
- I managed to follow up all high-risk cases by calling them to outpatient clinics and manage them by medical line of treatment.
- I gained proficiency in doing Ultrasonography and perform regular abdominal scans on my outpatients in these clinics.
- I developed surgical skills and regularly performed elective and emergency caesarian sections, medical termination of pregnancies, tubectomies, diagnostic laparoscopies and hysterectomies.
- I conducted normal deliveries and Forceps deliveries.
